

Setting up an author alert in DRO

You can receive an RSS feed whenever a Deakin author's new publication is recorded in [Deakin Research Online](#).

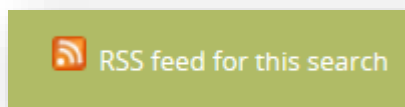

- Select **Author/Creator** from the options below search
- Enter the author's last name a first initial and select **Search DRO**

A screenshot of the Deakin Research Online search interface. It shows a search bar with the text 'Smith, P' entered. To the right of the search bar is a button labeled 'Search DRO'. Below the search bar are three radio buttons: 'All fields', 'Title', and 'Author/Creator'. The 'Author/Creator' radio button is selected and highlighted with an orange box. To the right of these radio buttons is a link labeled '> Advanced search'.

- Click on the author's name from the results list

A screenshot of a search result snippet from Deakin Research Online. The snippet is highlighted with a light blue background. It shows the author's name 'Smith, P.' in green, followed by 'and Stacey, E. 2003, Quality practice in computer supported collaborative learning: identifying research gaps and opportunities, in Quality education @ a distance : IFIP TC3/WG3.6 Working Conference on Quality Education @ a Distance, Kluwer, Boston, Mass., pp. 119-128.' The author's name 'Smith, P.' is highlighted with an orange box.

- Click RSS feed for this search in the top right hand corner of the window

- Set up the RSS Feed as described in [Setting up an RSS feed in Microsoft Outlook](#)
